

Christmas Ribbons

Tutorials and Colors

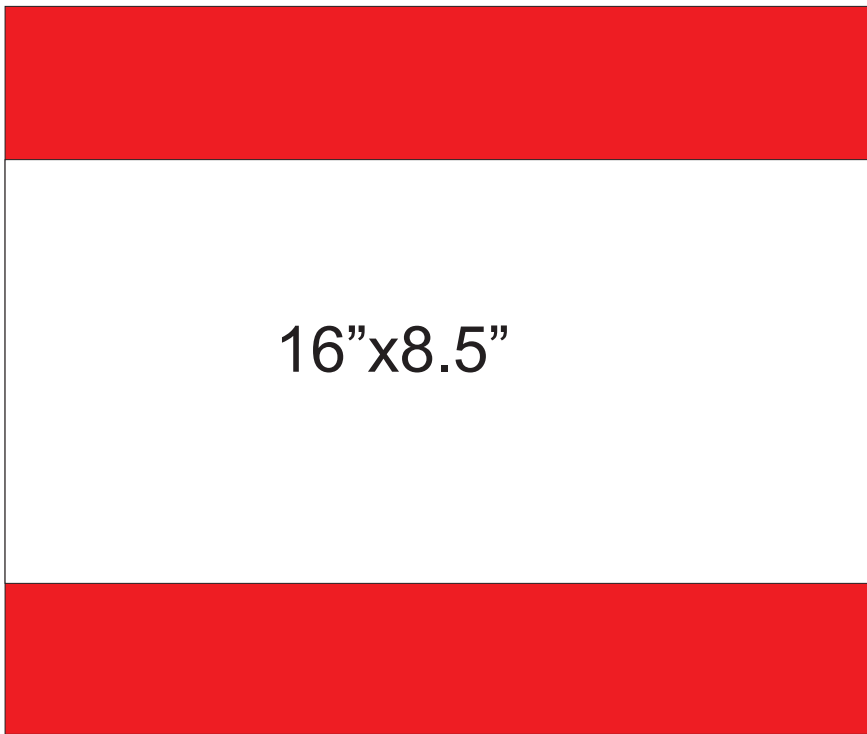

The idea for this collection was to create Christmas ribbons that could be used individually or placed side by side for a larger project. We designed the collection using classic Christmas icons mixed with holly leaves intertwined around a ribbon. The end result is a collection of 12 beautiful designs. They are all unique and full of luxurious detail. Each of the designs come in three sizes. The smallest size is for the 5"x7" hoop, the medium size is for the 6"x10" hoop and the larger size is for the 7"x12" hoop. For our project we embroidered the designs on a pillow. The instructions for the pillow and the design colors are located on the following pages.

Christmas Ribbons

Here are two examples of the finished pillows. We embroidered the designs on white linen using Floriani No-Show Mesh cutaway stabilizer. We then stitched the white linen onto the larger colored linen to form our pillow. This is an easy technique, you can trim your base linen to whatever size you want and then simply place it onto any blank pillow pattern. We further embellished the pillows using decorative trims and ribbons that match the design.

Christmas Ribbons

3.75"

The pattern for the pillow is shown to the left. The measurement shown are the finished sizes, be sure to add a seam allowance.

8.5"

Christmas Ribbons

The Stabilizing Stitch

The designs in the Christmas Ribbons collection have a lot of stitches in them. For this reason I added a stabilizing stitch underneath the whole design. This stitch will stabilize your fabric and prevent the design from puckering. The stabilizing stitch will embroider first, you should match the thread color of the stabilizing stitch to your base fabric.

Christmas Ribbons
