## The Pencil Design from the Back to School Pillow Exercise needs to be completed first

There are many different instructions available for a lined zippered bag. I recommend using a purchased pattern combined with your newly created IQ Designer pencil design for a quick easy finish.

For an advanced embroidery lesson and learning to create an In-the-hoop zipper pouch design with IQ designer check out volume three in my Series “Enhancing Your IQ -In the Hoop Fun!”

## Here are some other zipper bag patterns and designers I recommend you check out:
